

Preschool (PS): Ages 3-5
School Age (SA): 1st-5th

Schedule: Monday-Friday 9:00 11:30

Cost: \$85 except cooking camps are \$95

June 12-16

(PS) Backyard Picnic
(PS) Bubbles, Boats & Beyond
(SA) Colorful Chemistry

June 19-23

(PS) Fairies & Princesses
(PS) Sci-wars Jedi Academy
(SA) Bake It & Take It

June 26-30

(PS) Fairytale Cooking
(PS) Ooey Gooey Chemistry
(SA) Art-ology

July 10-14

(PS) Simple Machines
(PS) Fairy Nature Camp
(PS) Art-ology
(SA) Family Dinner

July 17-21

(PS) Construction Zone
(PS) Bubbles, Boats & Beyond
(SA) Cooking Around the World

July 24-28

(PS) Bees, Bugs, Butterflies
(PS) Cooking Around the World
(SA) Sci-warts Academy

Camp Descriptions

Art-ology (SA & PS) Creativity and scientific thinking go hand-in-hand with this imaginative class. Explore the properties of materials, use energy from the sun to create a masterpiece and discover what happens when you mix art and science. Taught by Academy teacher Shannon Oehler.

Backyard Picnic (PS) Let's go on a picnic! This cooking camp introduces children to healthy, simple to make foods that are perfect for a picnic. Combine this with outdoor fun featuring games played at a picnic and you have a recipe for an awesome week. Taught by Academy teacher, Gretchen Brocwell.

Bake It & Take It (SA) Let's explore the science of cooking by baking muffins, cookies, cupcakes and more. The students will get to sample what they bake then bring some home to share with the family! Students will learn what different ingredients go into the treats while having the opportunity to use their math, reading and science skills. Taught by Academy teacher Shannon Oehler.

Bees, bugs and Butterflies (PS) Explore the insect world through a series of fun projects & activities. Learn about pollinators, why they are so important, and ways that we can help their work. Taught by Summer Camp teacher, Anna Struder.

Bubbles, Boats and Beyond (PS) Ahoy Mates! It's time to lather on the sunscreen and put on your swim trunks for some summertime fun! Explore buoyancy by building boats, investigating bubbles and perform other crazy water experiments. Taught by Summer Camp teacher, Anna Struder.

Construction Zone (PS): What can you build today? We will be using legos, blocks, Lincoln logs and crazy, giant blocks to use our math, problem solving and logic skills to make a new creation. A new engineering adventure awaits you everyday. Taught by Academy teacher, Meredyth Moore.

Colorful Chemistry (SA) Create crazy concoctions and dabble in chemistry. Change the color of your breath, create a lava lamp or bleach out the color... acids, bases, molecules oh my! Taught by Academy teacher Shannon Oehler.

Cooking Around the World (SA & PS) Where cooking & culture meet so that students become citizens of the world. Learn more about the foods & culture of countries around the world as you explore a new country everyday. Fun & delicious! Taught by Academy teacher Shannon Oehler.

Family Dinner (SA) We are bringing back family dinner time. In this cooking class, learn to make some of our all time favorite meals. Create, eat and then take home the recipes to re-create at home. Taught by Academy teacher, Gretchen Brocwell.

Fairies & Princesses (PS) Explore the enchanted world of fairies & princesses. A beautiful and fun dream world full of royal and wonderful activities like making wands, and crowns and acting like a princess & fairies. On the last day dress up and practice your good manners. Taught by Academy teacher, Jody Massey.

Fairy Nature Camp (PS) You are invited in the enchanted world of fairies and woodland creatures. Create tiny gardens and houses. Create tiny crafts and make up stories in the world of nature. You will also be a tiny inventor. It will be a magical, fun, nature, fairy filled week. Taught by Academy teacher, Amanda Becker

Fairytale Cooking (PS) Everyday you will step into a new fairytale. Read the story and then make a snack and a craft with a theme from that fairy tale. Caramel apples for Snow White, Fruit kabob magic wands for Cinderella. A new story awaits you and at the end of the camp, you will take home your recipe book to retell the fairytale adventures at home. Taught by Academy teacher Emily Fuller

Ooey Goey Chemistry (PS) Goop, slime, oobleck... Discover the "science of slime" in this unique, hands-on camp. Taught by Summer Camp teacher, Anna Struder.

Sci-wars Jedi Academy (PS) Use science to create a light saber, complete Jedi-training challenges and defeat the evil empire. Taught by Summer Camp teacher, Anna Struder.

Sci-warts Academy (SA) Make your own wand, become an expert potion brewer and more! End the week with a special celebration for a certain wizard's birthday.. Harry Potter! Taught by a High School teacher, Doug Struder.

Simple Machines (PS) Find out how gizmos like wedges, wheels and levers help us in our daily lives. Become a simple machine master and craft incredible machines, partake in a ramp race, create catapults and more! Taught by Summer Camp teacher, Anna Struder.

Please pack a water bottle each day. NO SNACKS
All Camp fees are non-refundable
